

# Compare Network Design

100% Diverse Wireless Ethernet Network Solutions for the Mission-Critical Financial Services & Business Community

## Traditional Exchange Network

"Our customers tell us that their Traditional Fiber Networks were vulnerable to failure by relying on one path. Now with Business Only Broadband™ WiMAN Connect Solutions, the mission-critical financial services sector and large enterprise business community can finally make 100% uptime a reality."

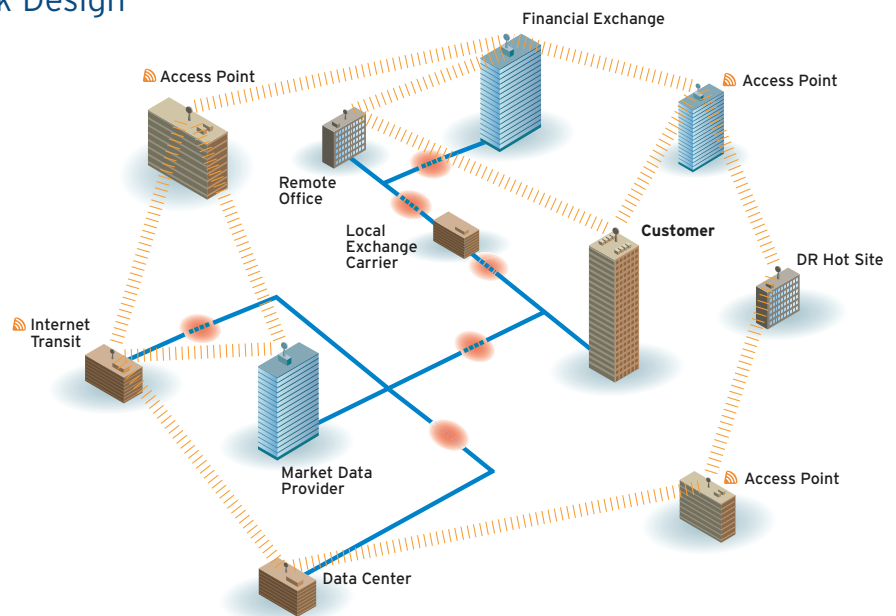

Rich Kingston  
CEO  
Business Only Broadband™

## Business Only Broadband™ Diverse Wireless Network Design

"In June of 2005, our primary provider had a 100% extended outage on its Internet network. I merely unplugged its Ethernet connection from my router, plugged BOB in and I was back up immediately. We had Internet access, while companies all around us were still out and scrambling to keep up with their business. I can honestly say Career Builder would have lost millions of dollars of business if it weren't for BOB."

David Wolfe  
IT Manager  
Career Builder
